To the Shareholder of  
**Blue Stone Jordan Investments Company**  
**Public Shareholding Company**  
**Amman- The Hashemite Kingdom of Jordan**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the Accompanying financial statements of **Blue Stone Jordan Investments Company (PSC)**, which comprise the statement of financial position as at December 31, 2020, and the statements of comprehensive income, changes in owner's equity and cash flows for the year then ended, and notes, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2020, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS)

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

There are no key audit matters possible to refer in our report on financial statements for this year.

**Other Information**

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditors' report thereon. We expected that we will give the annual report after our report. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information when its available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

The Company has proper accounting records which are, in all material respects, consistent with the accompanying financial statements, accordingly, we recommend approving these financial statements by the general assembly.

## **Blue Stone Investments JORDAN**

**Public shareholding company**

**Amman - The Hashemite Kingdom of Jordan**

**Notes to the financial statements**

---

### **3- Use of estimates**

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amount of financial assets and liabilities and disclosure of contingent liabilities . These estimates and assumptions also affect the revenues and expenses and the resultant provisions and particular , considerable judgement by management is required in the estimation of the amount and timing of future cash flows . Such estimates are necessarily based on assumptions about several factors involving varying degrees of judgment and uncertainty and actual results may differ, resulting in future change in such provisions .

Management believe that the estimates are reasonable and are as follows :

- Management evaluates its investments for impairment on a regular basis where there is a prolonged decline , Management estimates the value of impairment and the same is charged in the statement of comprehensive income - An estimate of the collectible amount of trade accounts receivables is made when collection of the full amount is no longer probable . For individually significant amounts , this estimation is performed on an individual basis . Amounts which are not individually significant , but which are past due , are assessed collectively and a provision applied according to the length of time past due , based on historical recovery rates .
- Inventories are held at the lower of either cost or net realizable value . When inventories become old or obsolete , an estimate is made of their realizable value . For individually significant amounts this estimation is performed on an individual basis . Amounts which are not individually significant , but which are old or obsolete , are assessed collectively and a provision applied according to the inventory type and the degree of aging or obsolescence , based on historical selling prices.
- Management reviews periodically the tangible and intangible assets in order to assess the amortization and depreciation for the year based on the useful life and future economic benefits . Any impairment is taken to the statement of comprehensive income.

### **4- Significant accounting policies**

Below used accounting policies in preparation of financial statements, these policies is applying in the years appear in financial statements.

#### **Changes in accounting policies**

Accounting policies followed in condensed interim financial statements' preparation for this period are consistent with the policies followed the last year, Except for the Company's application of the following Standards effective for annual periods beginning on 1 January 2020:

## **Blue Stone Investments JORDAN**

**Public shareholding company**

**Amman - The Hashemite Kingdom of Jordan**

**Notes to the financial statements**

---

- Amendments to IFRS 3: Definition of "Business"
- Amendments to International Accounting Standard No. (1) and International Accounting Standard No. (8): Defining "substantial"
- Amending the interest rates according to International Financial Reporting Standard No. (9) and International Financial Reporting Standard No. (7)
- Amendments to IFRS 16 "Rentals" - Rental concessions related to the COVID-19 pandemic

**No impact resulted from the application of these above amendments on the company's financial statements.**

### **Financial assets at fair value through income**

Variation of changes in fair value for financial assets is recording through income statements. Financial assets at fair value through income statement appear in fair value which had market prices in active markets.

### **Financial assets at fair value through comprehensive income**

Financial assets at fair value through comprehensive income are non derivative financial assets, the purpose of the acquisition is to keep them available for sale and not to trade or keep them until maturity.

The differences in the change in fair value of financial assets carried at fair value are recorded through the statement of comprehensive income.

Financial assets at fair value through comprehensive income that is available to quoted market prices in active markets at fair value, net of accumulated impairment losses in the fair value appear.

Gains and losses arising from differences foreign currency debt instruments that bear interest within the specified financial assets at fair value through comprehensive income transfer register, while the registration of foreign exchange rate changes ownership of the tools included in the cumulative change in fair value in equity.

If the company did not adopt the recognition of the fair value changes of financial assets in equity instruments in the list of other comprehensive income must be an option then these assets are measured at fair value and recognize changes in fair value in the statement of comprehensive income.

## **Blue Stone Investments JORDAN**

**Public shareholding company**

**Amman - The Hashemite Kingdom of Jordan**

**Notes to the financial statements**

---

### **Accounts receivable**

Accounts receivable are stated at their net realizable value net of a provision for impairment debts, Accounts receivable are written off if no possibility to collect by deduction from taken provision and add Proceeds from receivable that were written off to income.

### **Provision for impairment debts**

On 1 January 2018 IFRS 9 "Financial Instruments" replaced the 'incurred loss' impairment model in IAS 39 "Financial Instruments: Recognition and Measurement" with an 'expected credit loss' (ECL) impairment model. The new impairment model requires forward looking information, which is based on assumptions for the future movement of different economic drivers and how these drivers will affect each other. It also requires management to assign probability of default to various categories of receivables. Probability of default constitutes a key input in measuring an ECL and entails considerable judgement; it is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions. In the previous year, the impairment review on trade receivables was performed only for receivables for which management had an indication for impairment. That also entailed significant judgement. It was determined by reference to past default experience of a counterparty and an analysis of the counterparty's financial situation, but the "incurred loss" model disregarded entirely the current and expected future conditions. As a result, it is expected that under the new impairment model credit losses will be recognised earlier

### **Cash and cash equivalents**

Cash and cash equivalents include cash in hand , deposits held at call with banks , other short - term highly liquid investments with original maturities of three months or less .

## **Blue Stone Investments JORDAN**

**Public shareholding company**

**Amman - The Hashemite Kingdom of Jordan**

**Notes to the financial statements**

---

### **Property, plant & equipments**

Property, plant & equipments are recorded at cost and depreciated (except lands) over its estimated useful lives under the **straight line** method by using annual depreciation rates as follows:

<b>Furnitures &amp; fixtures</b>	<b>10%</b>	<b>Vehicles</b>	<b>15</b>
<b>Office equipments</b>	<b>12%</b>	<b>Computers</b>	<b>25%</b>

An assets carrying amounts is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount , the impairment record in statement of comprehensive income .

The expected production life for assets is reviewed at end of the year , whenever ther are changes between the expected life and the estimated , the depreciation method is changed to depreciate on net book value based on the remaining production life after re-estimation from the year re-estimated on .

When there are no expected economic benifits from usage , that item will be written down immediately .

### **Fair value**

The close price at the financial statements date represent the fair value for current financial statement in international markets , in case if the prices are not available for some financial investments the fair value evaluated through the comparative with market current value to similar financial instrument .

In case if there is a financial assets to be unfesible measuring its fair value completely the cost & the amortizing cost shown , in case if there is alower in its fair value the lower value recording in statements of income.

The evaluations types aim to measure a fair value reflect market expectation , it take market positions and also any risks or expected benefits when reevaluated the financial instruments , when the fair value of financial instruments is not measured reliably it will record at cost after deducting any impairemnet of its value .

### **Impairment of financial assets**

The company reviewed recorded amounts for the financial assets at the date of financila position to determine if there is any indicators for impairment in its individual amount or collective amounts , in case of existence of these indicators the company estimate refundable value for indicating iparement loss.

**Blue Stone Investments JORDAN**  
**Public shareholding company**  
**Amman - The Hashemite Kingdom of Jordan**  
**Notes to the financial statements**

---

**Date of financial assets recognized**

Purchases and sales financial assets are recognized on the trade date (the date on which the company commits its self to purchase or sell the assets) .

**Other revenues recognition**

Other revenues are recognized upon accrual basis .

**Offsetting**

Offsetting of fianacial assets and financial liabilities is occurred and the net amount reported in the financial statements when the rights and legally enforceable right to offset the recognized amounts and the bank intends to either settle them on a net basis , or to realize the assets and settle the liability simultaneously

**Provisions**

Provisions are recognized when the company has a present legal or constructive obligation as a result of past events , it is probable that an outflow or resource will be required to settle the obligation , and a reliable estimate of the amount can be made . Where the company expect a provision to be reimbursed , for example under an insurance contract , the reimbursed is recognized as a seperate asset but only when the reimbursement is virtually certain .

**Income tax**

Accrued taxes expenses are calculated according to taxable gains in accordance to law (38) for the year 2018, taxable gains are different from declared gains in income statement because declared gains include non-taxable revenues or non-reduction expenses at the current year but in coming years , or acceptable taxable accumulated loss , or non-taxable items or reducting for tax purposes .

Taxes are calculated according to decision tax rate in accordance with laws , systems and instructions .

**Foreign currency translation**

Foreign currency transactions are translated into Jordanian Dinars at the exchange rates prevailing at the date of transaction . Assets and liabilities expressed in foreign currencies are translated into Jordanian Dinars at the exchange rates prevailing as at the balance sheet date . Exchange differences arising from these translations are included in the statement of income .
