**REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL STATEMENTS
TO THE BOARD OF DIRECTORS OF
JORDAN HOTELS AND TOURISM PUBLIC SHAREHOLDING COMPANY
AMMAN - JORDAN**

Introduction

We have reviewed the interim condensed financial statements of Jordan Hotels and Tourism Public Shareholding Company (the “Company”) as at 30 June 2023, comprising of the interim condensed statement of financial position as at 30 June 2023 and the related interim condensed statements of comprehensive income, changes in equity and cash flows for the six-month period then ended and explanatory notes. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard IAS 34 Interim Financial Reporting (“IAS 34”). Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34.

The accompanying notes from 1 to 12 form part of these interim condensed financial statements

(1) GENERAL

Jordan Hotels and Tourism Company (the “Company”) was registered in 1955 as a public shareholding company located in Amman - Jordan. The Company increased its capital throughout the previous years to reach JD 10,000,000 divided into 10,000,000 shares at a par value of JD 1 per share. The Company’s main objectives are to invest in real estate and tourism activities in specific.

The Company owns Intercontinental Hotel Jordan (the “Hotel”) which is operated and managed by Intercontinental Hotel Corporation (“IHC”) in accordance with the Operating and Management Agreement (the “Agreement”) that commenced in the year 1972 and was replaced by another agreement that became effective on 1 January 2008 and was valid until 31 December 2017. The Board of Directors approved the novation, extension, and amendment of the Agreement with IHC effective 1 January 2018 for a period of five years. This agreement has been automatically renewed for an additional five years ending on 31 January 2027.

The interim condensed financial statements were authorized for issue by the Board of Directors in its meeting held on 25 July 2023.

(2) BASIS OF PREPARATION AND CHANGES IN ACCOUNTING POLICIES

(2-1) BASIS OF PREPARATION

The interim condensed financial statements for the six-month period ended 30 June 2023 have been prepared in accordance with International Accounting Standard 34 “Interim Financial Reporting”.

The interim condensed financial statements have been prepared under the historical cost convention, except for financial assets at fair value through other comprehensive income, which have been measured at fair value as of the date of the interim condensed financial statements.

The interim condensed financial statements have been presented in Jordanian Dinar which represents the functional currency of the Company.

The interim condensed financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards and should be read in conjunction with the Company’s annual financial statements as of 31 December 2022. In addition, the results for the six-month period ended 30 June 2023 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2023.

(2-2) CHANGES IN ACCOUNTING POLICIES

The accounting policies used in the preparation of the financial statements are consistent with those used in the preparation of the annual financial statements for the year ended 31 December 2022 except for the adoption of new amendments on the standards effective as of 1 January 2023 shown below:

IFRS 17 Insurance Contracts

In May 2017, the IASB issued IFRS 17 Insurance Contracts (IFRS 17), a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, IFRS 17 will replace IFRS 4 Insurance Contracts (IFRS 4) which was issued in 2005. IFRS 17 applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply. The overall objective of IFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in IFRS 4, which are largely based on grandfathering previous local accounting policies, IFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of IFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach),
- A simplified approach (the premium allocation approach) mainly for short-duration contracts.

This standard is not applicable to the Company.

Definition of Accounting Estimates - Amendments to IAS 8

In February 2021, the IASB issued amendments to IAS 8, in which it introduces a definition of 'accounting estimates'. The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, they clarify how entities use measurement techniques and inputs to develop accounting estimates.

The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. Earlier application is permitted as long as this fact is disclosed.

These amendments had no material impact on the interim condensed financial statements of the Company.

Disclosure of Accounting Policies - Amendments to IAS 1 and IFRS Practice Statement 2

In February 2021, the IASB issued amendments to IAS 1 and IFRS Practice Statement 2 Making Materiality Judgements, in which it provides guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments to IAS 1 are applicable for annual periods beginning on or after 1 January 2023 with earlier application permitted. Since the amendments to the Practice Statement 2 provide non-mandatory guidance on the application of the definition of material to accounting policy information, an effective date for these amendments is not necessary.

This standard is not applicable to the Company.

Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to IAS 12

In May 2021, the Board issued amendments to IAS 12, which narrow the scope of the initial recognition exception under IAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences.

The amendments should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period presented, a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability should also be recognised for all deductible and taxable temporary differences associated with leases and decommissioning obligations.

These amendments had no material impact on the interim condensed financial statements of the Company.

(3) PROPERTY AND EQUIPMENT

During the six-month period ended 30 June 2023, the Company purchased property and equipment in the amount of JD 260,289 (30 June 2022: JD 139,455).

(4) PROJECTS IN PROGRESS

Additions to projects in progress amounted to JD 73,197 during the six months ended 30 June 2023 (30 June 2022: JD 257,409).

No projects were completed and transferred to property and equipment for the six months ended 30 June 2023 (30 June 2022: JD 362,828).

The estimated cost to complete the projects in progress is JD 3,200,000 as of 30 June 2023 (30 June 2022: JD 47,873). Management expects to complete these projects during the year 2024.
